Dixon Predicts Sweeping of
Country by Progressive
Candidates

CONCLUSION IS LOGICAL
FROM RELIABLE DATA

Wilson to Lose Labor Votes;

Debs Will Also Catch Demo-
cratic Votes; Taft Bad 3rd

CHICAGO, Oct. 29.—That Roosevelt and Johnson will receive a total of 6,117,000 votes in the coming election, a margin of 468,100 over Wilson, who will run second in the race, and that the progressive ticket will have no less than 287 votes in the electoral college, twenty-one more than enough for election, is the confident prediction made last night by Senator Joseph M. Dixon, national chairman of the Progressive party.

His prediction is based upon the most accurate information obtainable, and Senator Dixon, in making public his prediction, calls attention to the fact that it is based upon the fact that the progressive side, as it is founded on the same sort of information which enabled him to forecast pretty accurately just what would happen in the pre-convention primaries.

That Wilson will not poll the vote given to Bryan four years ago, and that he will poll nearly a million Taft Republican votes, is one of the interesting features of the prediction. He bases this on careful reports, which bear out the general impression that laboring men are not friendly to the Democratic candidate, because of his known expressions of contempt for them while a professor at Princeton university, both in his speeches and writings. He expects the Socialists to poll a heavier vote than last year, increasing to almost 1,000,000, and expects the Prohibitionist vote to approximate the 250,000 the ticket received last year.

Senator Dixon's totals figure up as follows:

Roosevelt	4,679,000
Foreign vote	480,000
Labor vote	250,000
Democratic vote	408,000
First voters' vote	300,000
Total	6,117,000

Wilson	4,701,000
Bryan Democratic vote	767,000
First voters' vote	180,000
Total	5,648,000

Taft	2,300,000
Foreign vote	200,000
First voters' vote	60,000
Total	2,560,000

Debs	421,000
Socialist vote 1908	250,000
Labor vote	120,000
Foreign vote	60,000
First voters' vote	60,000
Total	851,000

"The prohibition ticket will not receive a larger vote than was polled four years ago, when it approximated 250,000. Tomorrow I hope to be able to give out our estimates by states. It looks now as if Roosevelt would at least receive 287 electoral votes, 266 being a majority."

"CAMPUS QUEENS"

"Co-eds" at University of Minnesota Have New Title, Old One Being Banned As Undignified
MINNEAPOLIS, Minn., Oct. 29.—Co-eds at the University of Minnesota are no more co-eds; they are "campus queens."

The term has been invented by men students at the university to take the place of the term "co-eds" which was banned by former Dean Ada Comstock and was again placed under the ban by Dean Margaret Sweeney.

Miss Comstock warred on the term "co-ed" for several years and finally succeeded in having it edited out of all college publications. She declared that the term was undignified. No objection to the new designation has been made.

VICE PRESIDENT SHERMAN MUCH IMPROVED TODAY

UTICA, N. Y., Oct. 29.—The condition of Vice President Sherman, critically ill with Bright's disease, was reported as improved today. Dr. Fayette Peck, Mr. Sherman's physician, issued the following bulletin: "From midnight until 5 o'clock this morning, Mr. Sherman slept quietly. He is now feeling much better, and has improved mentally and physically. His serious symptoms have disappeared."

Girl Murdered For \$45 Cash, \$1 in Jewels

CHICAGO, Oct. 29.—Murdered during the night for \$45 in currency and a dollar's worth of jewelry, the body of Miss Sophia Singer, aged 29, was found in a rooming house here today, roped and with a towel stuffed in her mouth.

Miss Singer is a member of a wealthy family at Catonsville, Md. Blood spots led from her room to one occupied by Charles Conway, a professional high diver, with one leg.

Conway is missing. Miss Beatrice Rydell, also a roomer, cannot be found.

Mrs. Julian McCarty returned at midnight and learned that something was wrong. She found Miss Singer's room in disorder, and forced the door of Conway's room, where she found the dead girl. Conway and Miss Rydell have five hours start, but the police anticipate their capture before night.

Battle at Polls Between

Long Beach Wets and Drys
LONG BEACH, Oct. 29.—An election is being held here today to further the prohibition of the liquor traffic here. The Federated Church Brotherhood is making a strenuous fight, and is holding prayer meetings at the polls. There was a heavy early vote, and it is expected the "drys" will win.

Lewis Case in San Diego

To go to Jury This Week
SAN DIEGO, Oct. 29.—Spirited clashes between counsel for the defense and district attorney Uttley marked the day's proceedings in the case of Hubert Lewis charged with the murder of Inventor Tolliver and his wife. The defense endeavored to show that the story told to Lewis by his wife of her alleged betrayal, had unbalanced Lewis' mind. The case will probably go to the jury this week.

Jack Johnson Abduction

Case Put Off Until Nov. 12
CHICAGO, Oct. 29.—Judge Frye today postponed the consideration of the Jack Johnson abduction case until November 12. Until the case is heard, Lucille Cameron, the white girl in the case, will be held under the court's orders under the custody of her mother.

TAFT AGAIN SCORES WILSON POLICIES

Estimate of Vote for Tuesday
Next Shows But 60 Per Cent
of Voters Will Vote

WASHINGTON, Oct. 29.—President Taft today took another slap at Wilson, in an open letter to Fred Geir, the Cincinnati publisher. He said:

"The great reserve force for the plain practice of common sense by the American people is asserting itself, and means Republican victory."

"Doesn't it strike you as ridiculous for Wilson to vaguely intimate that if elected he will make such a gentle reduction in the tariff that business will not be injured, when party made such reckless changes that if they had not been vetoed, we would now be confronted with a panic?"

630,000 WOMEN WILL VOTE

NEXT TUESDAY: 15,815,000 MEN
WASHINGTON, Oct. 29.—Figures compiled by the Census Bureau today estimate that 630,000 women will vote next Tuesday and that 15,815,000 men will vote. The estimate is based on supposition that but 60 per cent of the voters will go to the polls.

BURGLARS ENTER TWO STORES AND TENT

Wardrobe and Kenton's Grocery Transom Screens Torn
for Entrance

CLOTHING WORTH
\$200 IS STOLEN

Series of Robberies in This
County Indicate Gang is
at Work Here

Last Night's Burglaries

The Wardrobe, 117 East Fourth street—Men's clothing and suit cases and \$10 in coin stolen; loss, about \$200.
Kenton's grocery, 720 East Fourth—Sum of \$215 taken from cash register.
D. Halladay, 708 East First street—Five sacks walnuts stolen from tent.

The burglars who broke into the S.Q.R. store at Anaheim last Wednesday night and Spradlin's store at Bolsa Friday night, were evidently in Santa Ana last night. Two stores were entered, each through the front transom, and officers are satisfied that the visitors are the same men who burglarized the Anaheim and Bolsa stores.

Last night, too, five sacks of walnuts were stolen from a tent just north of D. Halladay's residence on East First street.

The stores entered were the Wardrobe, where a quantity of clothing was stolen, and Kenton's grocery, where \$215 was taken.

Through Transoms
The stores were entered in exactly the same way. Boldly and on the main street of the city the burglars approached the stores. Each store has a wide transom over the front doors. At the Wardrobe the transom has been hanging loose for months, detached from the rods. At Kenton's store the transom has been open all summer.

The Wardrobe transom screen was cut, and the burglar or burglars found access easy. It is thought that there were at least two men in the store. Four suit cases, two of them leather and two rattan, are missing, and it is supposed that the men filled the suit cases and departed, probably taking nothing that would not go in the suit cases.

Four suits of clothing, worth \$25 each were taken from the show window. These goods were selected for the reason that the coats, vests and pants were together. A coat in the window was not taken. Two ruff-neck sweaters, worth \$6.50 each, were taken from the window.

Looking over the stock, B. Uttley and R. W. Mead, proprietors, and Harold Brown, clerk, find that they also miss two soft hats, part of a box of Stetson hats, a cap, three overcoats, four dozen socks, two dozen neckties.

The combination of the cash register was worked, and the cash drawer opened. From it about \$10 was taken. Uttley and Mead figure their loss at between \$150 and \$200.

The burglars evidently went out the same way they came in. Either that or they opened the door from the inside, passed out the stolen articles, and one of them remained inside to bar the door so that no suspicion would be aroused should a nightwatchman come along and try the door.

The first known of the burglary was at 7:15 o'clock this morning when the clerk, Harold Brown, arrived to open the store. He noticed that the suits and sweaters were missing from the east show window. On going to the cash drawer, he found it open and the money gone. Brown immediately notified the officers, who made an investigation of the premises, but got no clues.

Brown turned off the window lights of the store last night about 10 o'clock. At that time he saw nothing wrong. The store was entered probably in the early hours of the morning.

Enter Grocery Store
Kenton's grocery store at the southwest corner of East Fourth and Sprague streets was entered from the south side. Just as at the clothing store. That the man got through the space left by the transom indicates that he was a small man or a youth.

M. C. Kenton, proprietor of the store, always leaves the two cash drawers open at night. In one, \$1 in change is generally left, and in the other is placed whatever money comes in after the balance is made. Last night there was \$1 in one drawer and \$1.15 in the other.

"I have not missed anything," said Kenton. "They might have carried

away a handful of cigars or some canned goods, and I not be able to tell it. So far as I know \$2.15 covers my loss."

Tent Burglarized

A tent on D. Halladay's place was entered last night, possibly by the same persons who entered the stores, but more than likely by other persons. Five sacks of walnuts, sorted and sewed, were taken to the east fence and there put over. City Marshal Jernigan and Constable Jackson followed the tracks from the fence across a corn-field to Pine street, where the walnuts were evidently loaded onto a wagon, which drove west. The street was sprinkled early this morning, and the tracks could not be followed.

DEAD WOMAN WAS MISS M'CARTHY

Silver Lake Victim Recognized
as Los Angeles Woman—
3 Theories of Death

LOS ANGELES, Oct. 29.—Identification of the woman found dead on the mountainside near Silver Lake as Miss Teresa McCarthy of 426 Beaudry avenue presented new facts yesterday which made the police waver in their original decision that the woman was murdered. Three theories—murder, suicide and accident—are now considered as equally possible and equally probable explanations of the mountainside struggle. Detective Charles Jones considers that the cause of death will never be conclusively established.

The woman was identified yesterday morning through the "Examiner." The detailed description published by that paper, was seen by Mrs. Mary Kiessinger of 3811 Vermont avenue, and she readily recognized that it fitted that of Miss McCarthy. Mrs. Kiessinger knew that Miss McCarthy had been missing and she immediately notified the police. Detectives then visited the rooms formerly occupied by the woman, and there the identification was made conclusive.

PASADENA ASKS AID OF 19 CITIES IN LIGHT RATE FIGHT

PASADENA, Oct. 29.—Pasadena is today seeking the co-operation of nineteen cities of Southern California. This city, which has a municipally owned lighting plant, because of which the Edison Electric Company is selling power at 4 cents per kilowatt hour, while other cities are charged 6 1/2 to 10 cents, now asks concerted action against the company.

It is claimed that the Edison Company charges Los Angeles 6 1/2 cents, Long Beach, 8; Whittier, Santa Monica, Venice and Santa Ana, 9; Pomona, Redlands and others, 10 cents, to make up the loss.

PARTY'S PURPOSE IS TO RIGHT WRONGS BEGINNING WITH THE MOST FLAGRANT

Enthusiasm Marked Roosevelt-Johnson
Rally Held at the Grand Opera House;
Big Crowd in Attendance

With the Grand Opera House crowded by an enthusiastic audience, and the doctrines of Roosevelt and Johnson expounded ably and eloquently, the biggest rally of the campaign was held last night. The Progressive party's principles and its aim and purpose were pictured by Miss Lloy Galpin of Los Angeles and Charles S. Wheeler of San Francisco. Wheeler, looking into the future, declared that the party would never end, for the reason that its essential purpose is the righting of wrongs, beginning with the most flagrant.

Seventy-five women dressed in white sang half a dozen campaign songs. This Jane Addams chorus was a complete success, and considering that the women had had but a few minutes practice together they did remarkably well. Mrs. A. J. Padham was the accompanist and S. R. Coate of Orange the director, and Mrs. L. L. Collins of Orange the organizer. "America" was the opening song and "The Star Spangled Banner" the closing.

Opened With Prayer
Locally an unusual feature of last night's meeting was that it was opened with prayer. S. J. Jackson and W. H. Thomas, chairman and secretary of the Republican county central committee, B. G. Balcom, the two speakers and Rev. C. H. Seecombe stepped to seats on the stage in front of the chorus.

Rev. Seecombe was called upon to return thanks for the safety of Theodore Roosevelt. In a few beautiful words he expressed thanks for the fact that Roosevelt's life was spared, for his heroism and his sacrifice.

As chairman of the evening S. J. Jackson introduced B. G. Balcom of Fullerton as a "genuine Bull Moose," who immediately introduced the first speaker, Miss Lloy Galpin of Los Angeles, a woman of charming personality and capabilities.

"The law of life and growth is change," said she in opening her straightforward, interesting address. "We of the Progressive party believe that is a fundamental fact in this whole Progressive movement."

She reviewed the changes that have taken place in America's economic system since there was a frontier and little machinery. She said that combinations and competition have resulted in present conditions.

"Is it fair competition," asked she, "when a girl must accept \$3.50 a week in a department store? Is it fair competition when a man must work in the heat and sparks of a steel

plant twelve hours a day and seven days a week?"

She declared that the people as a group must stand back of the individuals who are in situations such as she pictured, and must remedy those conditions.

"For the sake of the race, we as a group must arouse sentiment and get the necessary laws, and in the leaders of the Progressive party we have men who will do those things."

"We have tried the eight-hour law for women in this state, and though many predicted disaster, it has worked wonderfully well."

Miss Galpin stated that when the Panama Canal is opened vast numbers of Europeans will come to California. She believes in preparing now to meet them, in preventive measures rather than remedial measures.

"The Progressive party is built on big, rugged, broad lines," said she, "which will give us opportunity to develop to the very highest standard of efficiency."

"The new party will do in the nation for women what the progressives did in California. Women need protection, and by the ballot-box they can get protection against many practices and measures. You men with families must include all women in your scheme of protection, and you mothers must include all children."

"We must have a national minimum wage law. A woman must work for a living wage, or not work at all. That is the only safety for working girls in our big cities. We do not want children working long hours in box and glass factories."

"We stand for the type of man who will not be spoiled by prosperity. We are building up new ideals of life. We demand that the constitution of the United States be remodeled to suit the present age. The people have a right to construe the constitution in the light of the developments of the age. The Progressives stand for a simplified way of amending the constitution."

"As to the initiative and referendum, a man one year in office without them is more dangerous than one in office twenty years with them. I believe that if Jefferson and Lincoln were alive today they would be in the new party."

"Of all the arts, the greatest is the art of living a good life."

"Our leader has the heart to do and the hand to execute. Theodore Roosevelt is a man of destiny who could not be downed."

Charles S. Wheeler, a San Francisco attorney, spoke for an hour. In

THREE GREAT BATTLES AT HAND

Turk Opposition Grows Stiffer
as Allies Advance and
Clashes Looked for

DEFEAT FOR TURKS FATAL
TO THEIR CAUSE IN WEST

Scutari Has Not Yet Fallen But
is Under Bombardment—
Greeks Win Victory

PARIS, Oct. 29.—News of three terrific battles between the Balkan allies and the Turks is expected at any hour. Dispatches from the allies at the front indicate that the Bulgarians, Serbs and Greeks are gradually finding stiffer opposition as they advance along the various lines and a clash in three sections is likely to occur soon.

One of these battles is the one between the Turks and Bulgarians, which has been in progress for some time about Adrianople. The Turks seem to be retreating to the south-east but no heavy fighting has yet been reported.

A second battle is expected between Vies, Macedonia, and Salonika, where the Serbs are rapidly advancing with the design of joining forces with the Greeks. The Turks are expected to make a desperate endeavor to defeat each before such a juncture is possible.

The third clash is expected between the Greeks approaching Salonika from the southwest through Monastir. Defeat in the engagements with either Serbs or Greeks, it is believed, would prove fatal to the cause of the Turks in the west.

Scutari Under Bombardment
BUDAPEST, Oct. 29.—Cettinje dispatches today say that the Montenegrin forces are shelling Scutari from the heights above the city, indicating that the earlier announcement of the fall of Scutari was premature. All supplies are cut off, however, and the Turks cannot hold out.

Greeks Capture Two Towns
LARISA, Greece, Oct. 29.—Greek troops have defeated the Turks at Castania in a three hour battle, and have occupied Tripolamou, an hour's march from Verra. A Greek division has also occupied Grevena.

Truks Minimize Kirk-Kilisesh
CONSTANTINOPLE, Oct. 29.—Official announcement is made that the main Turkish army on Erkeno river has been heavily reinforced, and the officials of the war department are confident they will rout the Bulgarians. They assert the battle of Kirk-Kilisesh was merely a rear guard action covering the strategic retreat of one division left to delay the Bulgarians while the rest of the Turkish forces retreated.

BUDAPEST, Oct. 29.—Thrilling stories of the courage displayed by three reigning monarchs, and nearly half a score of princes in the field against the Turks were told today. Ferdinand of Bulgaria, known as the "Little Czar," won the highest praise of European military experts for the ability he displayed in leading his men. Though painfully hurt by a fall from his horse, Ferdinand remains in active command, oblivious to the lack of comforts to which he is accustomed.

Crown Prince Constantine of Greece has perhaps been even more successful as commander. He exposed himself relentlessly. Ehrn, premier, telegraphed, remonstrating. Constantine replied:

"I am a commander, even if a prince, and must lead."

Greeks Advance Steadily
ATHENS, Oct. 29.—The Greeks are advancing steadily into Turkey on the road to Salonika, meeting small opposition. The Turkish government neglected to tell one commander that war had been declared, and his garrison was taken almost without a shot. The Turks are greatly demoralized.

Servians Meet Little Resistance
BELGRADE, Oct. 29.—With little resistance by the Turks, the Servian forces are today converging at Vies, Macedonia, southeast of Uskub. Dispatches from the front say there is an understanding among the troops that there will be a steady advance on Turkish territory, fortifying as they go.

168 LONG BEACH PERMITS
LONG BEACH, Oct. 29.—With the issuance yesterday of a permit for the construction of a \$20,000 three-story brick apartment house on Chestnut avenue, the total number of permits issued for the month of October to date amounts to 168, with a value of \$257,830, as against 138 permits of a value of \$191,800 for the entire month of October last year; while the total for the ten months of this year is 1393 permits, of a value of \$2,254,373, as against 1392 permits, valued at \$1,829,440, for the entire year of 1911.

EXTRA COPS FOR HALLOWE'EN NIGHT

City Police to Keep Sharp Look-out for Prank-Players Thursday Night

TRUSTEES WRESTLE WITH STREET MATTER

Council Advises Against the Passage of the Consolidation Amendment

Boys will have to be very careful and very good Halloween night, which comes next Thursday night, for at the city council meeting last night the city marshal was instructed to hire three deputy officers to assist the present force in eliminating the customary Halloween proceedings. The matter was brought before the board by Mayor Ey, who said that several people had asked him to have something done to protect themselves and property on that night.

The business of the council was begun with a full membership present. Horace McPhee presented the matter of supplying the city with Great Registers, which were shown to be required by law. McPhee said that in preparing them for the county clerk he was able to furnish them to the city of Santa Ana for 7 1/2 cents a name, while the county paid 17 1/2 cents a name. This price he said was because he had the material standing and was anxious to get it out of the way. By law it is necessary for the city to have a certain number of Great Registers at each precinct, and McPhee offered 50 copies for each precinct in the city at the rate of 7 1/2 cents a name, and as there are 5313 names, it would make the total cost \$415.55. Trustee W. L. Grubb was not fully satisfied in regard to the right the city had in the matter. Trustee Alderman moved that a committee of three composed of the president of the board, the city clerk and another member be appointed to investigate and report at the next meeting. The motion was carried and W. L. Grubb was appointed as the third member.

Sidewalk Petition
Jas. O'Brien was before the board in regard to the petition for a sidewalk and curb on the west side of South Flower street between Walnut and Highland streets. The petition as read was granted with the exception that the sidewalk and curb should be from Pine to Highland street, owing to the block between Pine and Walnut being in the hands of administrators, and the block between Walnut and First was not ready just yet as the matter of widening Flower street at this point had not as yet been settled.

Ey asked O'Brien if he thought the petitioners would be satisfied to have the sidewalk granted from Pine to Highland with the understanding that the petition for the other blocks be granted as soon as the straightening of the street had been decided on.

O'Brien said he was sure that they would be satisfied.
The next matter was that of widening Flower street between Walnut and First, and Ransom Reid, who had been appointed to interview the property owners in the block, said that he was unable to report a settlement, as the laundry people refused to move their property line for less than \$200. McPhee was appointed on another committee to interview W. E. Gates in regard to trading two city lots for his two lots, which would solve the street matter, and make it possible to straighten it out.

Laying Sewer
City Engineer Bailey in reporting the plans and specifications of the new sewer district, said that the people on South Main street had asked to have the mains laid in side streets instead of through the pavement between Myrtle and Bishop. He said that he had been able to meet their request, by laying the connecting main on the eastern side in an alley one-half block east of Main between Bishop and Myrtle streets. On the western side he said that the property owners had made arrangements to connect to the Sycamore street main. The plans and specifications for the sewer district were adopted, and the

"In Old Kentucky" Coming to Grand, Friday, Nov. 1

Paddock scene in "Old Kentucky"

AMUSEMENTS

No more enjoyable drama is ever shown in this city than "In Old Kentucky," which comes to the Grand Opera House Friday, November 1.

In these days of good, bad and indifferent musical plays, oriental dances, dramas treating of high finance, woman suffrage and aviation—to say nothing of countless other twentieth century topics, a sweet, wholesome play like "In Old Kentucky," written for all time and suited to all changes in the public taste, comes like the first touch of spring after a severe winter. The story breathes the fragrance of the green slopes of Kentucky. There is a wholesomeness, a touch of rugged homely sentiment in it that appeals. The characters seem to be real, living personages. They find a place in the memory. There are few plays in "In Old Kentucky's" type any more—and the few that exist are of the enduring kind that never wear out with the amusement-going world.

See Homer's "Odyssey"

If you want to really witness the greatest of all moving picture subjects, then make up your mind at once, and go tonight or Wednesday night to the College of Music (formerly the Temple Theater) and see Homer's "Odyssey," and you will, like hundreds did last night, marvel and be surprised. Yes, it is beyond your grasp; you cannot understand how such wonders are produced. Many were the remarks last night that "Every pupil of our schools should see the 'Odyssey' of Homer. Nothing like it in motion pictures. \$200,000 production, over 1000 actors, two years to produce. You will say it is unbelievable, but not so after you have seen it. Just two opportunities, tonight and Wednesday. Two shows, 7:30 and 9 p.m. Admission 10c, 15c, and 25c.

Belongs in every home. Tastes nice—acts gently.—Advertisement.

REDLANDS EARLY ORANGE SEASON

Outlook for 300 to 500 Cars for the Holiday Season of Ripe Fruit is Good

REDLANDS, Oct. 29.—Orange men are elated over the prospect of the orange crop being earlier than for several years. Already some of the fruit is showing the first tints of the orange color and it is believed that a few more warm days and cool nights will ripen the fruit rapidly and that Redlands can ship from 300 to 500 cars for the Christmas market. The fruit already is of good size and is yet growing, but with the cool nights that have set in, the growth is expected to stop and the color appear. Packing men say that the crop will be about the same as the past year—5200 cars for the Redlands district. The navel crop is large, but the Valencia have a lighter crop than last year, and the aggregate of the two will be about the same as this season.

PARTY'S PURPOSE IS TO RIGHT WRONGS

his opening remarks he said that there is none in Santa Ana who does not rejoice that America has such sons as Theodore Roosevelt, who with a bullet in his breast stood before that audience at Milwaukee and made his great address.

"The time has come for higher ideals in politics," said Wheeler, "when American manhood and American womanhood stand together under the Stars and Stripes."

"Come back with me to Lexington, to our common country's call. What is it that was guaranteed? It was guaranteed that every human being should have the inalienable right to pursue happiness. The object of the Progressive party is to get that right for all people of this country."

"How? Along one line alone, and that is on the line of Justice. The fundamental theory of the Progressive party is Justice. Justice springs from the whole people, men and women together, and so we want to put the power in the hands of all the people, men and women. We will never stop as long as there is a wrong to be righted."

"Where will we begin. It will be with the most flagrant wrongs, and we will never stop until earth and skies come to that great judgment day."

"Where are the most flagrant wrongs? First, there is a slavery that is little better than actual owning of slaves. We want to put into every home the inalienable right to pursue happiness. A child born into this world must have a proper amount

of baby health. It can't have it if its mother is weak from toil before and after her marriage. The baby has a right to a decent amount of food and a mother's care. If a father cannot get enough food for his family by hard work, there is something wrong. We are going to remedy that.

"Don't tie a child hand and foot and then tell him he has the right to pursue happiness."

"The home is the foundation of human happiness. Take a poor devil with a good heart, work him twelve hours a day in heat and sparks, seven days a week, until he is thrown on the junk-heap. Every girl should

be able to earn a living in an honorable manner. We will remedy those conditions. Hundreds of thousands of girls cannot earn enough to keep body and soul together without dishonor. We will stop that.

"We will stop the evils of child labor. "We are aiming at the world's worst suffering. There is an awful pile of wrongs to be righted. One thing that must be demanded is that when a party writes a platform it must consider that platform a contract with the people, and must carry out that contract."

"DON'T STAND BY ANY MAN WHOSE PARTY IS A FREE TRADE PARTY. WHOSE PLATFORM PLEDGES TO FREE TRADE, AND WHO TURNS TO YOU AND SAYS THAT HE WILL NOT KEEP THAT PLEDGE. THE MAN WHO MAKES LOVE TO HIS PARTY PLATFORM, BUT SAYS HE WILL NOT LIVE UP TO IT IS ONLY PLAYING FOR YOUR VOTE."

"We have got to have men behind the guns to keep the faith and the party platform contract. The Progressive party has selected men with the power to keep the faith. Where are there two men better equipped for leadership than Hiram W. Johnson and Theodore Roosevelt?"

"You may not like Roosevelt, but I tell you he is the type of man this country needs. When the would-be assassin's bullet struck him, he uttered those words that give the lie to any person who says Roosevelt is an anarchist. There was no revenge in him. Calm when others were intensely excited, splendid in a moment when he was sore wounded, he said: 'Don't hurt him.'"

The great audience stood and joined in singing "The Star Spangled Banner," and with Jackman leading, three hearty cheers were given for Roosevelt and Johnson. Thus closed the greatest political rally held here

since Johnson's visit before the May primaries.

VICTORIOUS 14 TO 0 SCORE

Santa Ana High School Defeated San Diego in Game Last Saturday

(By Vern Smith.)
Again the mighty Santa Ana football warriors, captured and marched victoriously home with the scalps of the crack San Diego football squad. This is just simply one more game added to the long list in which our team has yet scored on the team that works with machine-like precision. With the score of 14 to 0 against them, the San Diego team concentrated all its force for a score, but with a great display of line bucking the Red and White team held them back. Consequently at the end of the game San Diego's score was represented by a large goose egg. The first touch-down was made by "Nooks" Tedford just before the end of the first quarter. West then kicked goal and made the score, at the end of the first half, 7 to 0.

Team On Slump
"The team has gone on a slump, as nearly every team will, and if they win this time the championship is practically ours," said Captain Warren just before the game.
In the future Santa Ana will play games that will be far more strenuous than the game with San Diego last Saturday. The team was on a slump. Although it did fairly good, there would have been a larger score had the warriors been in good condition. This score, however, does not show the relative strength of the two teams, as Santa Ana had the ball most of the time and steadily forced San Diego back in the shadow of her own goal posts. Another touch-down could have been scored, but one of the red sweatered men was off-side, causing them to be penalized.

San Diego Too Confident
The fact that San Diego was confident of beating Santa Ana is shown by the captain's statement. He said: "We are expecting to hang it all over Santa Ana this afternoon."
But by the final score it shows his expectations were never realized. Although credit must be given to the San Diego players for their hard work, they are no match for the fast Santa Ana boys.

Strong Defense
Santa Ana's line men worked like a mighty machine, each time hitting the Southerners' line like a small tornado. Every man was always in the play and with strenuous efforts forced back their opponents, making holes for the "backs" to dash through for large gains. The southern contenders tried many times to break through, but the red sweatered fellows were always active and vigilant; as a result it was like bucking against a stone wall.

Rooters' Department
While San Diego displayed a large number of rooters, Santa Ana had a fairly large bunch. Accompanying the team about twenty rooters for Santa Ana went down. Also Misses Dorothy Twist, Violet Twist, Dixie Perkins and Rhea Shaw motored down in an E-M-F. In all Santa Ana was represented by a large bunch of

GOV. JOHNSON SEES SIGNS OF ROOSEVELT LANDSLIDE, NOV. 5

If Crowds and Enthusiasm Mean Votes, Progressives Win—Battle Keen in The Pivotal States

By E. A. DICKSON, Staff Correspondent Los Angeles Express and Tribune

BOSTON, Mass., Oct. 28.—It's all over now but the shouting. The only uncertainty in the campaign is on the question of who will do the shouting. From a survey of the battle-ground on the eve of the greatest political contest since Lincoln's time, Governor Johnson sees enough hopeful signs to warrant the prediction that it requires only the formality of counting the ballots Nov. 5 to record a Roosevelt victory.

Wilson's supporters, on the other hand, profess to have "inside information" which tells of a Democratic triumph. They insist that the Democratic nominee will be elected by the largest plurality ever given a president.

President Taft's campaign managers are almost equally optimistic. From polls claimed to have been taken by Boss Barnes of New York they figure on Taft's occupancy of the White House for another four years.

Few unprejudiced observers of political events will be greatly impressed with the claims of Taft managers, however.

As to the claims of the Democrats, it is worth recalling that democrats have a habit of winning presidential elections—on paper.

Four years ago they had it all figured out in advance for a Bryan landslide. Bryan himself, just before the battle of ballots, sized up the situation in these words:

"We will sweep the East and we will sweep the West. The fight has been made and won."

Of course, Bryan lost, despite his prediction. His forecast of a Wilson victory this year is almost those identical words will consequently not be altogether convincing.

For practical purposes it is enough to know how the battle wages in the five or six "pivotal" states—New York, Pennsylvania, Illinois, Ohio, Massachusetts and Indiana.

Governor Johnson has now traversed all of these states quite thoroughly. Indeed, there is scarcely a town or village of any considerable size in any one of them that he has not visited to expound the Progressive principles.

SUNSET EXCHANGE WILL HAVE MANY CARLOADS

New Associations Bringing in Fruit Formerly Sold to Independents

Orange News: That the orange and lemon crop for the coming season will be of bumper proportions is the belief of D. E. Huff, manager of the Sunset Fruit Exchange.

"The coming crop will be fully one-third larger than last year under normal weather conditions," said Mr. Huff today in discussing the outlook. "We expect to handle through the Sunset about 2000 cars for the season."

The Sunset Exchange now consists of six associations with the prospective addition of a seventh.

The new Villa Park Association, which is marketing through the Exchange, shipped its first car of fruit Saturday.

The old Valencia crop will be cleaned up in November. The Sunset Exchange will market between 130 and 135 more cars of Valentias before the navel season. These will be distributed about as follows: Villa Park 10, Santiago 100, Hewes 6, Tustin 15.

While the Santiago will lose some fruit through the organization of new associations, Mr. Huff believes that he number of cars will not fall short of last season because of the heavy crop coming. The new associations will bring in a great deal of fruit formerly sold to the independents.

Strength

The strength of a banking institution consists not alone in its financial resources but also in the character and ability of its officers and directors and in the confidence and loyalty given it by the community of which it is a part. These banks are pre-eminent strong in ALL respects.

Service

The proper conception of a banking institution's duties and privileges includes service to its community. A bank must pay its stockholders a fair rate of interest in order to secure and hold investments in its stock; but its duty does not end here; it must also render REAL SERVICE to its community in the way of public enterprises and private support. These banks point with pride to their records in these respects.

Solvency

A banking institution to be really and truly solvent must have more and other assets than merely money and credits in excess of its money liabilities. It must have a surplus of character, a reserve fund of reputation, a credit balance of experience, large and moral resources. These banks invite examination as to their moral solvency.

WHERE THEY ARE

Sometimes by accident a piece of unedited copy gets on the hook in the composing-room of every newspaper office, and consequently there appears in print in the newspaper's columns statements that are not sanctioned by the newspaper. The Register experienced an occurrence of that kind yesterday, and it takes this, the earliest opportunity, of disclaiming as its sentiment the following, which appeared in a special article printed in the Register yesterday:

"Scratch a 'Taft Republican' who has it advertised that he will vote for Wilson, and you will find an old-time Southern Pacific politician every time."

The statement is far too sweeping, and certainly, locally it is not true. Among the Orange county Taft Republicans who openly declare that they are going to vote for Wilson are men who are not and never were railroad politicians. For instance, Judge Stutsman of Tustin, supported Johnson two years ago, and no man who knows Judge Stutsman for a minute doubts his sincerity in his attitude in the present campaign.

As to the state, however, the Register does believe that the bunch of old railroad politicians who had control of the state's politics under the regimes to which the administration of Gov. Johnson is a striking contrast, are playing horse with the sincere Taft men of the state. Those politicians are a cold-blooded lot, and sincerity with them is a virtue to be played with and preyed upon. At present their object is to get back into power in California. They want to put Gov. Johnson on the bench, and themselves select the next governor of California. They smoothly aided in blocking any efforts to get Taft electors on the ballot, and they are shouting for Wilson. There is no doubt about it. They want Roosevelt and Johnson defeated in this state, and if they should by any chance gain their point they would feel that they had laid the foundation for breaking the administration and for regaining the control they covet.

The good people of the state should see to it that that foundation is not laid. As a general rule, in this state it is mighty good advice that tell voters to get on the side of the fence not occupied in whole or in part by the old S. P. crowd. You may be certain that the old crowd is not for Hiram Johnson at any stage of the game. It never has been, and now that as governor he carried out his pledge to put the S. P. out of the control of state affairs it is for him less than ever.

Here in Orange county are Taft Republicans who are acting in all sincerity in supporting Wilson. For them, the Register has the greatest respect. Those people are entitled to their opinions and convictions. We believe they are mistaken. We are fully satisfied from what we hear that the number of Taft Republicans who are going to vote for Wilson is small indeed in comparison with those who are going to vote for Roosevelt. The issue of the campaign that concerns

JOHN N. ANDERSON

A strong endorsement of former State Senator John N. Anderson, appearing in the Stanton Optimist, a Taft paper, is as follows:

"While the Optimist is irreconcilably opposed to the so-called Progressive party with which John N. Anderson is affiliated, and by which he was nominated for state senator from this district, it believes that he can accomplish the most good for this section at Sacramento, and will therefore support him. Mr. Anderson has had much experience in legislative affairs, he is a competent attorney, he is largely and closely identified with the best interests of Orange county, and while we deplore his apostasy from the ranks of the regular Republican party we believe he is honest in his convictions and that he will make an able, energetic and thoroughly incorruptible legislator."

The "Optimist" opposed Mr. Anderson's nomination and its present action, taken as we are advised without solicitation, is an example that should be followed by every Taft paper in the district.

Mr. Anderson's record as a citizen of the district for twenty years and as a legislator is above criticism and there is no good reason why he should not be returned to the senate. He won the nomination fairly and honorably against one of the county's most popular citizens. He conducted a dignified and gentlemanly campaign, and if he is elected to the senate—as we are confident he will be—he will give every portion and every individual of his district a square deal, absolutely regardless of politics. He is the kind of man Republicans, Democrats and all others of whatever party affiliation can vote for and know that as a legislator every act will be performed conscientiously and upon merit.

Fashion's Fantasies

Some of the new fur coats have collars and hoods—a concession to the constant use of the automobile.

The woman who chooses one-piece dresses and a long coat for her winter outfit cannot go wrong.

Taffeta evening dresses have simple draperies of chiffon caught on the skirt with clusters of flowers.

The flowing frill effect for long sleeves are as much liked as ever. Usually they are of lace or net.

Chinchillas with plaid backs are seen for long, straight street coats. Boucle cloths are also favorites.

Some of the new chiffon blouses have a basque effect, this basque formed of tabs of chiffon embroidered.

A French novelty called "wet cat" is a plush-like velvet with a finish which gives a mottled effect to the pile.

A pretty double-faced tweed is being used for autumn top coats. Many of them are three-quarter length.

Voters, Read This:

A San Francisco dispatch says: "Taft Republicans," "Republican Wilson League," and "Non-Partisan League," are the titles adorning the doors of three headquarters in this city, three organizations ostensibly distinct, but in reality constituting one general conspiracy, and appropriately styled "The League for Getting Governor Johnson."

There appears to be an abundance of money and there is plenty of effort on the part of the hired men falling over each other in the handsome offices. Clever engineering behind this vicious movement makes it very plain that it is directed by some old experienced hands.

There is active co-operation from the reactionary press. Papers professing to advocate Republican doctrines give all their aid to the new "league" and incidentally are supporting the free trade cause.

To beat Roosevelt, even if free trade shall ruin California, and to crush Hiram Johnson, even if the state shall as a result feel the blight of the Cleveland years of tariff tinkering, is the bitter purpose of the three-cornered co-operation afforded the Democratic management. The co-operation is heartily accepted by the Democrats and it will not be long before the party will have incorporated all these elements that the Progressives have from political control.

* * * * *

The national Taft management, Charles D. Hilles, chairman, and Jas. B. Reynolds, secretary, is advertising in the magazines an array of arguments for the re-election of Mr. Taft. Among other things, the advertisement says:

"TO VOTE FOR PROFESSOR WILSON AND THE DEMOCRATIC PARTY WILL INEVITABLY AND LOGICALLY EXPOSE US TO THE DANGER OF A RECURRENCE OF THE CONDITIONS WHICH PLUNGED THE COUNTRY INTO A PANIC AND POVERTY IN 1893."

"ATTEMPTS ARE BEING MADE TO RIDICULE THIS WARNING OF THE EFFECTS OF FREE TRADE AND TARIFF FOR REVENUE, BUT THE RECOLLECTION OF THE TRUTH IS STILL TOO VIVID TO BE THUS EASILY REMOVED."

"IT IS NOT THEORY! IT IS HISTORY!"

"Wilson and danger" is the warning cry that the National Taft Management sounds to the country.

BUSINESS AND PLEASURE

Methodists Discussed Affairs of Sunday School While at Banquet Table

Around a cheerful dinner table in the spacious dining room of the church the members of the Sunday School Board of the First Methodist Episcopal Sunday School, last night heard reports of the organization of which they are the executive heads. It is a pleasant custom those Methodist people have of combining business and pleasure. Each month this group of devoted workers meets at a 6:30 o'clock dinner, such as was served last night, and enjoy each others' society, getting better acquainted and relaxing for a while from the crowding cares of life. Later, still at the table where genial chat has prevailed, they take up the business of the Sunday school and adjust affairs for another month.

Last night the dinner and the business meeting later were presided over by Rev. E. J. Inwood, the new pastor of the church. The reports given by the superintendents of departments showed steady general progress in the school. The average attendance of September, reaching 377, was of course much lower than usual owing to the infantile paralysis scare. Last Sunday's attendance was 408. Ways and means of raising the \$1000 pledge made by the Sunday school towards the building improvement fund, was discussed and the matter finally referred to a committee. Mrs. Theo. Vinbigler, Prof. Haynes, Amy Clay Mrs. Pierce and Mrs. Raugh, were appointed as the Christmas entertainment committee. Resolutions of appreciation for the valuable services of W. P. Coffman, Sunday School superintendent, will be drafted by the heads of departments and sent to Mr. Coffman, who is now a citizen of Garden Grove.

Invited to Public Meeting
The regular meeting of the Woman's Civic Club will be held in the city hall Saturday, Nov. 2, at 2:30 o'clock. A cordial invitation is extended to the public to attend and enjoy the special program which has been prepared.

The program will include talks on: "The Amendments to Be Voted Upon at the Coming Election"—Attorney Clyde Bishop.

"Good Roads Bonds"—W. A. Zimmerman.

Election Question Box—District Attorney L. A. West.

After-Lodge Supper

The Royal Neighbors enjoyed a Halloween supper last night after the closing of the business session. The tables were decked with jack-o-lanterns, while napkins and place cards bore Halloween designs. Doughnuts,

CHINESE EDITOR AND T. T. GRADUATION AT PRESBYTERIAN CHURCH

The evening service at the First Presbyterian church on Sunday night last was one of unusual interest. The address was given by the Chinese editor and religious worker, Ng Poon Chew, who has just returned from China. His subject, "China's Greatest Need," gave him full opportunity to tell of the real needs of that awakening country. Of these, he declared, missionaries and money were the most crying demands. The speaker used fluent, broken English, his style of speaking being really fascinating. He held the close attention and interest of his audience during his almost hour-long address.

Training Class Graduation
The Teacher Training Class of this church, of which Mrs. E. B. Norman is the teacher, had graduation exercises preceding the address, eight young ladies receiving diplomas. W. H. Thomas, superintendent of the county training department of the County Sunday School Association, presented the diplomas. The examination, which the young ladies had passed so successfully, is sent out by the National Sunday School Association.

Those receiving diplomas were: Misses Jessie Flies, Edith Higgins, Helen McKee, Florence Miller, Gertrude Roper, Christine Schenck, Georgia Smith, Marie Thomas.

pumpkin pie, apples and coffee constituted an acceptable bill of fare over which merry jest and laughter went round. It was a pleasant conclusion to the business of the evening.

Church Tea
The ladies of the First Christian church will have a tea on Wednesday afternoon from 2 to 5 o'clock at the home of Mrs. J. A. Buckingham on South Flower street.

Flinch Club Dinner
The Flinch Club of which Mr. and Mrs. William Smart are members, was entertained by them last evening at one of the informal dinners with which the club prefaces the flinch games. Covers were laid for the host and hostess, Mr. and Mrs. Smart, and Messrs. and Mesdames J. J. Roper, L. J. Carden, W. E. Winslow, J. W. Bishop, H. C. Dawes.

Following the dinner the party decided to dispense with the usual games and attend instead the Progressive mass meeting at the Grand Opera House, addressed by Chas. S. Wheeler of San Francisco and Miss Lily Galpin of Los Angeles.

Gaudineer-Gunn
Rev. W. L. C. Samson performed the marriage ceremony at his home Monday uniting Miss Sarah Gunn and Murrell Gaudineer. After a wedding dinner at the home of the bride's sister, Mrs. W. G. Milton, the couple left for Los Angeles, their future home.

Reciprocity Day
The various clubs of Orange county are the Reciprocity Day guests of the Woman's Club of Santa Ana today. A forenoon in Birch Park, a luncheon at the Armory and addresses in the afternoon at the latter place made up a delightful program.

"OLD MAIDS' CONVENTION"

Women of Sedgwick Relief Corps Will Produce Fun-Making Playlet at Temple

"The Old Maids' Convention," the playlet that created such a rurore at Huntington Beach during the recent encampment of the C.A.A. veterans of Southern California, will be given here next Tuesday evening, Nov. 5 (election night), in the Temple Theater.

This convention is pure fun and farce, full of laughs and startling transformations. Curiosity and interest is on tap from the moment the convention begins 'till it ends. Those who will take part in the playlet are thoroughly at home in their characters, as most, if not all of them, helped to stage it at Huntington Beach last summer. Among the "old maids" will be Mesdames Ella Wilson, Maria Wedgewood, Lilla Scammon, Ida Deck, Cassie Ferguson, Emma Smith, Ellen Reeves, Glenn, Viola Phillips, Ella Lash and others of Sedgwick W.R.C., the popular organization which is to stage the playlet, will give striking impersonations of the various types of spinsterhood.

This will really be one of the jolliest stage productions given here by amateurs. It does not profess any dramatic features, but is just a fun-maker.

In addition to the playlet, election returns will be read from the stage, and this in itself will be an attraction not to be resisted.

Tickets can be secured of any of the members of the W.R.C. at any time. Tickets will be regularly on sale at the White Cross Drug Store on Saturday, Nov. 2, and it is expected that there will be a large and early demand for seats. The prices of tickets are very low, and as all know who are acquainted with the work of the W.R.C., the proceeds will be devoted to relief purposes, a most worthy cause.

Birthday Surprise Party

When it became known that last Saturday was Mrs. Robert Paine's birthday, the friends and neighbors of that lady decided to give her a surprise in celebration of the happy event. Acting upon the suggestion of Mrs. Clarence Meacham and Mrs. K. B. Pierce, the party gathered at the Payne home, bearing mysterious-looking packages which they carefully hid from sight.

The evening passed pleasantly with progressive games and music. Those who could do so, sang or contributed in any other way to the programme. Mrs. Mit Phillips sweetly sang "Three Green Bonnets" and "The Butterfly." Miss Elizabeth Easton and Robert Paine, Jr., also pleased with solos and Ernest Crosier Phillips gave several readings which were greatly enjoyed.

Small tables were then placed about the living room and the self-invited guests opened their packages, disclosing the most delectable of "cats." The place cards bore a hint of the Halloween season.

Before departing the guests presented Mrs. Payne with a handsome cut glass berry bowl and a silver souvenir spoon with which to remember the evening.

The invited list included Mr. and Mrs. J. S. Collins, Miss Blanche Collins, Mr. and Mrs. Clarence Meacham, Mrs. J. M. Cain, Mr. and Mrs. Warner, Mrs. M. E. Phillips, Miss Ethel Phillips, Ernest Crosier Phillips, Mr. and Mrs. Mit Phillips, Mr. and Mrs. Howard Nelson, Mr. and Mrs. K. B. Pierce, Mr. and Mrs. Oscar Witt, Mr. and Mrs. J. Howard Turner, J. M. Talcott and Atha Meacham.

Goos to Tennessee

Rev. A. F. Stem, late pastor of the M. E. Church, South, has been transferred to the Memphis, Tennessee, conference, according to the official paper of the Southern California conference. He will be succeeded here by Rev. Scarborough of Mississippi, who will soon arrive here to take up the local pastorate. Rev. Stem and family left here last Friday.

For Bride-to-be

Misses Marie Thomas and Daisy Lewis were hostesses yesterday afternoon at a miscellaneous shower for Miss Willia Clevenger. Chrysanthemums and roses were used in adorning the parlors, and a statue dressed as a bride and hearts strung on ribbons, were significant parts of the decorative scheme. Guessing contests preceded the shower which was inaugurated by a game of Ruth and Jacob in which Miss Clevenger was blindfolded. When the bandage was removed she was surrounded by pretty gifts.

The guests were then invited by Mrs. Thomas into the dining room which was a scene of beauty. The shades were drawn and the electric lights glowed under shades of Halloween design. Halloween decorations of jack-o-lanterns, united with ferns and smilax in charming effect. In the center of the table was a miniature suit case from which ribbons extended to the places with favors of tiny jack-o-lanterns filled with candy. Brick ice cream which hearts frozen in the center; pumpkin pies and home-made candy were served as refreshment.

LEADERS TO SHARE NEW YORK HONORS

Roosevelt and Johnson Will Both Speak at Madison Square Garden

NEW YORK, Oct. 29.—Governor Johnson will share honors with Col. Roosevelt in the big Progressive meeting at Madison Square Garden tomorrow. He is preparing his speech today. The rest of the week will be spent by Gov. Johnson campaigning in New York.

Col. Roosevelt rested today preparatory to his journey. Yesterday he received newspaper men at his home. He seemed vigorous, but suffering somewhat from the injured ribs.

The Colonel in reply to a query said the Madison Square Garden speech was to be the sum total of his campaign.

It is more than likely that an occasion will be found for him to address a big gathering, or at least to be present at such a gathering in New York city at the end of the week or on Monday. The time has not been set for this second New York speech.

Whether or not he will deliver it depends upon the outcome of Wednesday's effort.

"By Monday I ought to be well enough," he said, smiling hopefully, "to be able to go in the automobile to Huntington and Mineola and make short talks."

The Colonel wants to leave nothing undone toward winning a victory in his home county.

HAD BEEN STANDING FOR NEARLY WEEK

Thought to Have Been Stolen by Joy Riders From Some Town

Orange News: An automobile evidently abandoned by joy riders, was found Saturday on a lonely road that turns south from Fairhaven avenue southeast of the Hewes ranch.

The machine was a Ford touring car, nearly new, and in excellent condition. It had been run 1400 miles. Its equipment was intact, the machine evidently not having been disturbed since being left on the road.

Officers believe that the machine has been standing beside the little-used road for at least a week. The road is bordered by pepper trees, which would conceal the machine from observation except to anyone traveling by the place. It had been run in under one of the pepper trees and was thus further protected from discovery.

Marshal Warner and Constable Jackson brought the automobile into Orange and are holding it until the owner can be located. The sheriff's office could furnish no information as to the owner. Local officers will communicate with the Los Angeles police department.

The automobile appeared to be undamaged by its last run. The prestolite tank had been left open and the gas all allowed to run out, or it had been exhausted before the machine was abandoned.

TASTE, SMELL AND HEARING RESTORED

A Simple, Harmless Remedy Quickly Relieves Catarrhal Deafness

The thousands who suffer the miseries of colds and catarrh and claim they have never found a cure can get instant relief by simply anointing the nostrils with Ely's Cream Balm. Unlike internal medicines which upset the stomach, or strong snuffs which only aggravate the trouble, this cleansing, healing, antiseptic Balm instantly reaches the seat of the trouble, stops the nasty discharge, clears the nose, head and throat, and brings back the sense of taste, smell and improves the hearing. More than this, it strengthens the weakened and diseased tissues, thus protecting you against a return of the trouble. This remedy will cure a cold in a day, and prevent its becoming chronic or resulting in catarrh.

Nasal catarrh is an inflammation of the membrane lining the air passages, and cannot be reached by mixtures taken into the stomach, nor can it be cured by snuffs and powders which only cause additional irritation. Don't waste time on them. Get a 50 cent bottle of Ely's Cream Balm from your druggist, and after using it for a day you will wish you had tried it sooner.

Mothers should give the children Ely's Cream Balm for colds and croup. It is perfectly harmless, and pleasant to take. The Rowley Drug Company—Advertisement.

Work Brings Age

Why should women grow prematurely old by wasting their vitality over a wash tub, when we do the week's washing cheaply, thoroughly and quickly.

WHY I AM A PROGRESSIVE

By MARY AUSTIN

Author of "The Arrow Maker," "A Woman of Genius," Etc., Etc.

High in the list of American authors, and among those contributing manuscripts to the Progressive cause, may be named Mary Austin, author of "The Arrow Maker," "A Woman of Genius," etc.

Whatever she writes, Mary Austin does with fine art. Her first publication was "The Land of Little Rain" in 1903, since which time she has written "The Basket Woman," "Isidro," "The Flock," "Santa Lucia" and "Lost Borders." "The Arrow Maker," a drama of the American Indian life, was produced by the New Theater in 1911.

I am a Progressive in the first place because I can't help it. I was born pretty well over the Missouri line of social consciousness; when it comes to a question of human conduct you have to show me. If the thing has been worked out anywhere let us turn back the pages and find the answer. I haven't been worked out let us turn over a new page and try it. I believe in free social experimentation; nothing of any moment to the race has ever been decided by arguing about it.

Now, a number of things which the Progressive Party stands for are things which have been worked out either here or in other lands, and nothing but inertia and vicious neglect of the old parties prevents their being carried out to a fruitful finish. Take the issue of woman suffrage, which is personally of prime importance to me; it is already with us, it is here to stay, it has passed the stage of experimentation and the heavens have not fallen. Whatever objection even its opposers may have had against it, they have stultified by calling—can't you hear them, "Come down off your pedestals, you dear angelic creatures, and help to elect me"—calling on women for help which they publicly declare women incompetent to render and damaging to them when done. If political activity is bad for women, then Candidates Wilson and Taft are a pair of the most brazen corruptors of womanhood and the home which the country has ever known, and the word which describes men who profit by what they believe to be the degradation of women is not nice ever for a suffragette to use. But in fact, they are merely talking the ancient hypocritical twaddle because they have got in the habit of it and can't help it. But a man who has habits like that—for president!—Whether the Progressive Party can immediately procure woman suffrage, it being a matter of state's rights, they have at least rid themselves of the necessity of a lot of foolish talk about it.

Then there is the business of Conservation. Ever since the time of Tammany, Europe has been learning the utter wasteful stupidity of forest denudation, and still our own means for preventing a repetition of that folly are ridiculously inadequate. What is true of forestry is also true in less conspicuous and dramatic way of mineral and other resources.

The difference between the policies of the Progressive and the old parties is just the difference between owning your own melon patch and trying to regulate the size of the melons that other people might raise in it.

Another thing it is time to stop talking about is child labor. When it hasn't argumentatively a leg to stand on, to ignore it as the Republican Party does or to talk of regulating it with the Democrats, is to choose between being grossly indifferent or merely ineffectual. One might as well tie a string about a sick man's leg and say that the blood poisoning shall come no further up. We are either rich enough as a nation to support all our children or we are not, and if not, it is time to find out why. It is this ability of the Progressive Party to recognize lusty and crying actualities like these, which makes hopeful the prospect of being allowed to deal with

them. At the worst it cannot fall so far short of its opportunity as one which does not even see.

If I don't go into more items of the prevention of occupational diseases, of minimum standards and wages, it is because there are others to do it with more authority. All I am trying to make clear is that it is primarily the attitude of the party which calls for my active commendation. Between the words "prohibit" and "prevent" as used by the Progressives and "safeguard" and "limit" as appearing in the platforms of the old-line parties, I discover the difference between the sound of the breaking of eggs for the political omelette and the preliminary clucking over an egg that is yet to be laid.

The truth is that there actually is enough tabulated, reliable knowledge in the world to effectively settle a great measure of our social and economic difficulty; what lacks is a little doing.

And secondly, I am a Progressive because of the things to which the party is not yet committed. For there are a number of things about which no conclusions may be reached without further experimentation. This is especially true in the department of social and economic justice.

The greatest objection to the other parties who approach this question in a spirit of active sincerity (I refer to the two wings of the Socialist Party in particular) is that they leap ahead, set a mark and say it ends there.

But the spirit of true progressiveness is not compatible with a limit set ahead. We must go forward, and forward, and then some. The man doesn't exist who knows what complete economic justice is, no matter what he asserts about it; the least we can learn by the process of the years is that there are several things which are rank injustices, to be excised as gangrenous flesh in the social organism. It is the presence of festering poisons that by the very irritation which they set up may plunge us in economic disaster, against which much of the Progressive effort is directed. A very casual reading of the platform will reveal the significant fact that its limitations are set up, not before us, but behind, bars about pits of ignorance and injustice into which we discredit our intelligence again to fall. And all these measures, though they are measures of relief, may be had without committing the ultimate social judgment of the principals. It is a sure way to stop an aching tooth to jump out of an eleventh-story window with it, but it is not really a good way. When we have pulled a few of the ulcerated and torturing fangs of labor we shall have a right to expect a more dispassionate consideration of the next move and the next, and to prevent the imminent catastrophe of the next move being the last. The best thing about the Progressive Party is that one may go forward with it without sacrificing one's private opinion about its ultimate goal.

And, by all means, let us get forward.

DANDRUFF CAUSES FALLING

HAIR—25 CENT "DANDERINE"

Save Your Hair! Beautify it! Invigorate Your Scalp! Danderine Grows Hair and We Can Prove it

Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or a loose or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you will actually see new hair, fine and downy at first—yes, but really new hair—growing all over the scalp.

A little Danderine now will immediately double the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it

through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove to yourself tonight—now—that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all.—Advertisement.

The Kansas Tin Shop

(213 East Fourth St.)

The long delayed corrugated galvanized iron has come in and we now have nearly sixty thousand (60,000) feet in stock, comprising all lengths (6, 7, 8, 9 and 10 feet) and we propose to sell it at four and three-fourths (4 3/4) cents per square foot.

This is below the present wholesale market price, but we placed our orders a long time ago and the goods have advanced considerably during the delays of shipment.

This is the price delivered at our wareroom and this price will hold until we have to buy again.

We handle only the standard weight corrugated iron. There is a lighter article on the market, but we don't handle it.

PURGATORY "FIRES" NOT YET, BUT SOON.

Word Purgatory Not in Bible, But Teaching Is There.

Saintly of Present Time Few, Yet All Must Become Holy Ere They Will Be Granted "the Gift of God, Eternal Life, Through Jesus Christ."

PASTOR RUSSELL

Indianapolis, Oct. 27.—The world-renowned Pastor Russell is here. We report one of his discourses from the text: "Some men's sins go before to judgment, and some, they follow after." (1 Timothy v. 24.) He said:—

Gradually, as the eyes of our understanding open to the true beauties of God's Word, we find that while the gross error of the past has some foundation in the Truth, the two are very different.

Wrong Views of Future Punishment.

Wrong views of future punishment have divided Christians into many sects. Our forefathers were not to blame; ability to read was not common until within a century. Furthermore, for centuries the Bible was out of the hands of the people and clerical zeal tried to bring the whole world, through fear, into the Church.

Now, all thinking people repudiate the torment theories, and many are turning from the creeds, and from the Bible, the supposed foundation. The present trend is toward Higher Criticism, Evolution. In France, it is claimed, ninety-six per cent of the people have lost all faith in religion; in Germany, ninety per cent. How important that the people should learn that God has made generous provision for all through Christ, and that He will bring all to a knowledge of Christ; that every wilful sin must bear its just penalty.

The subject of future punishment is most important. The people should know respecting the word Hell in the original Scriptures—that Sheol in the Old Testament represents the Bible teaching of hell for the first four thousand years, and that Hades in the New Testament means the same; that these words do not stand for torture, but for the state of death. Humanity are redeemed from the grave by the death of Christ, and Sheol, Hades, the grave, shall be destroyed during Messiah's reign.—Hosea xlii. 14; Isaiah xlv. 8; 1 Corinthians xv. 54, 55.

Gehenna fire means the garbage-furnace valley outside Jerusalem; it is symbolical of the destruction of the finally impenitent.

Purgatorial Fires of the Bible.

These are symbolical. The church is now on trial for everlasting life or everlasting death. The world's purgatorial period will be under the supervision of the Church.—1 Cor. vi. 2.

St. Peter tells of purgatorial fires which now are purifying the saints: "Think it not strange concerning the fiery trial which shall try you, as though some strange thing happened unto you." Jesus referred to these purgatorial experiences; read 1 John iii. 13; John xv. 18; Matthew xvi. 24.

St. Paul says that Christ "learned obedience by the things which He suffered," and that "if we suffer with Him we shall also reign with Him."

The Scribes and Pharisees persecuted Jesus; He forewarned His followers that "a man's foes shall be they of his own household."

St. Paul points out that in the end of this Age fiery trials will come upon the Church: "The fire of that day shall try every man's work of what sort it is." Faith built with the gold, silver and precious stones of Divine Truth will come forth unscathed. Jesus declared to the Church, "Through much tribulation shall ye enter the Kingdom." These are purgatorial tribulations for which we may give thanks.

The World's Purgatory Soon to Begin.

The world's purgatory will begin with a severe ordeal upon all mankind, but will continue in instructive tribulation upon all needing the same. The "fires" will be symbolical. The New Age will be ushered in by a time of trouble such as never was since there was a nation." (Daniel xii. 1.) Jesus declares that unless that trouble were checked no flesh could be saved; but because of the Elect, those days shall be shortened. The Messianic Kingdom will end the strife and anarchy.

St. Peter used symbolism in describing these troubles: The "sea" represents the restless peoples; the solid "land"—earth—represents the social structure, whose "mountains" are the Kingdoms and whose "heavens" are the ecclesiastical powers. (1 Peter iii. 5, 7, 10, 12; Psalm xvi.) The Apostle graphically pictures the elements of Society in violent agitation, resulting in a great "heat" which will consume those. He then pictures the New Dispensation. "The new heavens" will be the Church in glory. "The new earth" will be Society reconstructed. Who cannot see the capitalistic element, the labor element and the social element in great danger of the conflagration? Directly foretold? The Lord pictures mankind anxious to know and obey the Truth. "Then will I turn unto the people a pure Message, that they may all call upon the name of the Lord, to serve Him with one consent."—Zeph. iii. 9.

LOS ANGELES PRODUCE MARKET
Berries were up a little yesterday, as they were rather scarce. A few raspberries are still on the market, bringing from 15 to 20 cents a box. There was a little strengthening in the market on Bellefonte apples, but other varieties, especially Jonathan, are quite plentiful. Receipts from Washington and Utah were heavy, and apples arrived in larger quantities yesterday than for some time. The receipts were 21,904 boxes. Casaba, grapes and peaches were more firm.

Tomatoes are stronger again, and the better grades are quoted about 50 to 65 cents. Hubbard squash is also up, the high price being about 13c a pound. Egg plant is quoted at 4 to 5 cents a pound, and the average price for celery is about \$2.25 a crate, or 50 to 60 cents a dozen bunches. Cucumbers are scarce and are quoted up to 60 cents a box. Receipts of potatoes, onions and beans were somewhat heavier than usual—67,500 sacks of potatoes, 21,000 sacks of onions and 10,000 sacks of beans.

Butter and egg receipts were light—28,167 pounds, and forty-one cases, respectively. A little more cheese than usual came in—3,200 pounds. Prices were firm. There was a fair demand for fresh butter and cheese. The price on butter in San Francisco is down half a cent, but this will very likely not affect the market here. In fact, dealers are of the opinion that very little butter can be purchased on the San Francisco market at 32c cents. The reason the price of fresh eggs has not advanced, dealers assert, is that the shipments to the city are so light at present that it is not advisable to force the market up to meet the San Francisco price, because this would probably result in a sympathetic advance in eastern egg prices, which is not deemed necessary for the present. Besides San Francisco depends more upon the supply of local eggs for her demand at this time of the year than Los Angeles.

TO PEN FOR
STEALING RIG

Mexican Who Pleaded Guilty
Was Sentenced Yesterday
by Judge West

Simon Garcia, an Anaheim Mexican who yesterday pleaded guilty to stealing a team and spring wagon from Jacob Yaeger, was sentenced by Judge West to a year in San Quentin. Garcia stated that he had been drinking and did not know what he was doing when he took the horses. A charge of horse-stealing against G. Jacobo, who was with Garcia when the arrests were made, was dismissed. The testimony showed that Garcia invited Jacobo to ride with him, and that Garcia told Jacobo it was his rig.

Will Is Filed

The will of James B. Copland, who died at Harper on September 12, has been filed for probate by a daughter, Ethel B. Copland, represented by Attorneys Williams & Rutan. The estate is valued at \$1200, which includes an

Works Marvels in Greenhouse Crops—Experiments in Germany and U. S. Prove Theory

BOSTON, Mass., Oct. 29.—Marvels rivaling the happenings in the fairy books are to be every day occurrences as far as growing flowers and plants in greenhouses goes, according to Charles H. Miles of Lexington, Mass. He says that experiments conducted here and in Germany will revolutionize the greenhouse industry, for it has been proved that with a string of wires over plants or flowers the static discharges from a high voltage to the earth hastens the maturity of the crop.

IN THE JUSTICE COURT

MISSION TOWN CASE
FINALLY SETTLED

Felony Charge Dropped and
Marshall Pleaded Guilty to
Peace Disturbance

The Justice's court is cleared of the fracas that occurred at San Juan Capistrano a month ago between George H. Marshall, garage man, and Charles Free, blacksmith. On Free's preliminary examination the charge against him was dismissed several days ago. This morning was the time set for Marshall's preliminary. Deputy District Attorney Koepsel withdrew the charge of assault with a deadly weapon with intent to murder, and brought a charge of disturbing the peace. To that Marshall pleaded guilty and was fined \$10.

The evidence showed that both men were much to blame, and both acted under aggravation from the other. Marshall tried to get Free to leave the vicinity, and threatened him with a revolver and piece of gas pipe. Free got possession of the gas pipe, and struck Marshall over the head. Marshall fired at Free as Free was running away and a bullet passed through the fleshy part of the blacksmith's leg.

ARGUMENT FAVOR
OF AMENDMENT
NUMBER FOUR

One of the referendum propositions that should be supported by the people is Number Four on the ballot, Numbers Three and Five being companion measures. The proposition is to amend the Political Code so as to make provision for the compensation of county clerks for extra services performed while discharging the duties of Registrar of Voters.

The additional work made necessary and developed upon the county clerks by the passage of the equal suffrage amendment and by the Presidential primary has been about double. County clerks all over the state have been swamped with extra work and have not been provided with additional assistance. The legislature, recognizing this fact, passed a law creating the position of Registrar of Voters, providing that boards of supervisors might consolidate the office of Registrar with that of county clerk. Most boards of supervisors of the state did this in order to be fair with the clerk and assist him in his extra duties.

Some people in San Francisco and other large counties that were already provided with Registrars got out a referendum and have held up the law. So, now the people must approve of the Act of the Legislature before it is a law on the statute book. The people should uphold the law as a matter of right and justice.

In this county, for instance, W. B. Williams, the county clerk, has had double work registering twice the number of voters and providing for an additional primary. The people

wanted the laws and made the necessary work mandatory. Is it not fair to pay the clerk for the necessary work imposed upon him? A private individual would, why should not the county? Vote for Proposition No. Four on the ballot and also Numbers Three and Five as they are companion measures.

FIERY RUN OF M. K.
& T. ENGINEER

Bandits Forced Him to Pilot
Cars Across Burning Bridge;
They Secured \$3000

DENISON, Tex., Oct. 29.—Forcing the engineer of the Missouri, Kansas & Texas Limited, to cross a burning trestle near Wirth, Okla., three bandits blew open an express car and escaped with \$3000 today. They uncoupled the train and forced the engineer to carry the express car across the burning bridge, which collapsed just after the passage had been made.

CROWDER, Okla., Oct. 29.—That the train bandits near Wirth, Okla., carried away armloads of money is now the assertion of Sidney Wolf, the express messenger on the train, who estimates the loot at \$30,000.

WHEN A LAXATIVE IS
NEEDED—"CASCARETS"

Gently Clean Your Liver and
Constipated Bowels While
You Sleep

Take a Cascaret tonight and thoroughly cleanse your Liver, Stomach and Bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out.

Are you keeping your bowels clean with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels.

Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action; a clear head and cheerfulness for months. Don't forget the children.—Advertisement.

MONSTER CITRUS CROP

50,000 Cars Will be Needed to Move
Big 1912 Product of California,
Estimates Railroad

SAN FRANCISCO, Oct. 29.—California's 1912 orange crop will be worth \$57,000,000 and will require 55,000 railroad cars to remove it. Railroad officials made public these estimates. By "orange crop," the officials explained, they mean to include lemons also. Four thousand cars of the crop will come from the Oroville and Porterville districts, and the remainder from south of the Tehachapi. The lemons will require 7000 cars.

—The Woman's Guild of the Church of the Messiah will hold a Halloween tea at the home of Mrs. R. H. English, 108 South Main street, Thursday, Oct. 31, from 2:30 to 5 o'clock p.m. Mrs. Hubert Wakeham and Mrs. English will be the hostesses. The public is cordially invited to attend. Light refreshments will be served and the silver offering taken will be applied to the Guild Hall.

PRICES ON FRUIT
AND VEGETABLES
GO DOWN IN CITY

LOS ANGELES, Oct. 29.—A review of retail markets yesterday showed that prices of fruits and vegetables are lower this week than last and that many vegetables are cheaper now than they have been this season.

Cauliflower will be 10 cents this week. Home-grown okra is 10 cents a pound this week. String beans are two pounds for 15 cents.

Celery sold at 15 cents a head last week, is now 10 cents. Lettuce has never been any cheaper than it is now, selling at three heads for 5 cents. Garden truck is over-crowding the markets. Many residents are utilizing vacant lots and back yards for purposes of their own consumption.

A temporary raise in the price of tomatoes has taken place, but retailers say it will come down. They are now 5 cents a pound.

There are no more cantaloupes. Watermelons have been raised to 3 and 4 cents a pound. Casabas are the leaders of the melon markets and extra large casaba melons sell at 10 and 15 cents each.

Raspberries will sell for the next few days at 20 cents a basket. Strawberries and blackberries are scarce and sell at two boxes for 25 cents.

Only a small supply of fresh peaches and pears are in the markets. Most of them are cold storage. Peaches are 5 cents a pound and pears 10 cents a pound. Both of these fruits are going out of season.
